### Directions to Kualoa Ranch

From Waikiki and downtown Honolulu take the H-1 Freeway west to the Likelike (Highway 63) exit.  
 Take the Likelike Highway towards Kaneohe through the Wilson tunnel. Look for the Kahekili exit on the right. It curves to the left and you will head north until you reach Kualoa Ranch (about 20 minutes). The ranch is across from Kualoa Regional Park. Go past the park entrance around the curve of Kamehameha Highway and look for the Kualoa Visitor Center sign on your left. Turn left into the entrance and follow signs to the parking area.

When you get to the field, there will be a check-in table set up for pre-registered players. At check-in, please be sure to get your team assignment and appropriate colored tape, event T-shirt (for pre-registered players), and ticket for prize drawing. Then, proceed to the chronograph station. Once your guns have passed the chrono, please gear up and be ready for the first game.  
 Any last minute information will be announced in a briefing before the first game.

Due to limited parking space, it is highly recommended that players carpool. When entering and leaving the game site, please be sure to observe the site speed limit of 5 (five) MPH.

Also, please respect the land and be sure to clean up after yourselves. Thank you.

# Airsoft Hawaii Players' Guide

2007 ASH BASH

## Safety:

1. Airsoft guns must chrono 400 fps or less using .20 gram 6mm BB's. Airsoft guns using 8mm BB's must chrono 300 fps or less with .34 gram 8mm BB's. Three chronographed shots are used to measure velocity. Any airsoft gun that exceeds the velocity limit will not be allowed in play. Airsoft guns with adjustable hop-up must be set to a level flight path when chronographed.
2. Bolt action, spring powered airsoft guns using 6mm BB's have a maximum allowable muzzle velocity of 450 fps using .20 gram 6mm BB's. Players using this higher velocity limit may not shoot players within 50 feet or less.
3. Decelerators or any removable velocity reducers are not allowed.
4. Modified pellet/metal BB firing airguns or live firearms are not allowed. No metal BB's, metal or graphite coated BB's, or solid/foam/rubber head grenade projectiles will be allowed.
5. Gas powered airsoft guns that use an external air tank must have current hydrotest date on the tank. Tanks with expired hydrotest dates will not be allowed on the field.
6. All players on the field must wear adequate head protection at all times. This means rigid protection over the eyes, as well as rigid or semi-rigid protection over the ears, nose, and mouth. No player will be allowed on the field without proper head protection.
7. Paintball face masks that provide full face and ear protection will be considered the minimum standard. Players are allowed to add decorative items to the paintball mask that do not pose a safety hazard. Players are not allowed remove parts or modify the mask or goggles in any way that compromises the protection provided.
8. Screen mesh goggles will not be allowed due to the possibility of BB fragments causing eye injuries.
9. Head gear must not be removed before leaving the field, even if the game is already over. There may be players who did not hear the whistle and do not know the game is over.
10. Damaged head protection is not allowed.
11. If your face mask gets fogged while you are playing, **do not take it off!** If it has an elastic strap, try "flapping" it against your face (no more than an inch or so away) or, if you have small fingers, you might be able to wipe the goggle section clean. If you can't clear up the problem without removing your mask, call a referee over for help.
12. No shooting is allowed on the field before a game starts or after a game ends. You may test fire your guns only at firing zone.
13. No rubber or prop knives/weapons are allowed.
14. Covered shoes are required. Long pants and some sort of jacket are highly recommended.
15. No drugs or alcohol allowed at the field.
16. No open fires allowed.

## Game Play:

1. If you are hit anywhere, you are eliminated from the game. This includes hits on anything you are carrying.
2. Eliminated players can't talk to other players.
3. Ricochets do not count.
4. Swearing and aggressive "trash talk" is not allowed.
5. Players may not feel hits if they're running or wearing heavy clothing or gear. Make sure you actually see the BBs hit before you say anything, then identify the player and tell them specifically where you think they were hit. Yelling "I hit you" or "you're hit" doesn't help since no one will know who you are yelling at.
6. Players who constantly yell "I hit you" or "you're hit" without specifying a player will be called out of the game.
7. Any player who continues to play after a ref has told them they are hit will be suspended two games.
8. Any player a ref feels deliberately ignored a hit will be out two games.
9. If someone thinks they hit you, go ahead and call yourself "dead" (you can always play in the next game). Remember, you may not feel or hear every hit.
10. When you have been eliminated, go to the staging area. While you are leaving the field, make sure to carry your gun over your head and call out something like: "Hit--dead man coming out" continuously until you are off of the field.
11. If you are sure that someone is deliberately not taking hits, let the referee on duty know.
12. If you get within 10 feet or so of someone, ask them to surrender before you shoot them. If they surrender, they are eliminated, so don't shoot them. If they don't surrender, you may then shoot them (be nice--no full-auto shooting at point blank). If you refuse to surrender to someone, remember that you are likely to be shot at very close range and it will probably sting. Surrendering is optional for the "victim".
13. If you get within arm's reach of someone, don't shoot them, tag them instead. **A tag is as good as a hit** (anyone tagged is eliminated).
14. Stay in bounds while playing. Boundaries will be marked.
15. Players must not scatter from their starting points before the game starts. (Unless the referee says they can.)
16. You must carry all of the ammo you want to use with you into the game. If you leave the field you may not re-enter the game.
17. The referee(s) on duty may change some of the minor (non-safety) rules listed above from game to game. There are several set game types that incorporate rules variations. If you aren't sure about what the rules are for the game about to be played, ask a referee.

### **Whistle signals:**

- 1 whistle = Start game.
- 2 whistles = End game. All players stop shooting and return to the staging area.
- 3 whistles = Pause game. All players stop shooting, put their guns down and stay where they are. This is the whistle signal normally used when a hiker/non-player has entered the field.

### **Environment:**

1. You **must** keep your guns (and other gear) concealed anytime you are in public. People have gotten into serious trouble for waving around toy guns where they shouldn't. It is illegal.
2. You must dress for play only when you get to the field, not before. You may wear clothes that someone would wear on the street normally.
3. Be nice to everyone at the ranch such as staff and tourists. Don't do anything that would alarm them.
4. Don't tear up the foliage, fencing, bunkers or do anything else detrimental to the area we play in.
5. Make sure you pick up any rubbish that you see. When we leave the field, it should be at least as clean as when we got there. Anyone who shoots the rubbish bag(s) will be required to carry it (them) out after the game.
6. There will be a designated area near the dead zone where players can shoot (for fun, to test guns, whatever). No one may shoot anywhere else if they are not on the field currently playing a game.
7. No fort building during a game.
8. No smoke bombs.
9. No fires, grills, stoves, or cooking devices unless approved by Airsoft Hawaii for the event.
10. No shooting at any animals on the ranch.

### **Sportsmanship:**

Airsoft is a recreational activity. Any bad sportsmanship will result in suspension from games or expulsion from the field. Referees may call people out for bad sportsmanship as they see fit. Bad sportsmanship includes but is not limited to cheating, verbal threats, physical threats, vandalism, defacing property, obscene behavior, sexism or racism, theft, constant complaining, slander, or any disregard for the rules.

### **Hikers/etc.:**

1. If you see a hiker, tourist, or any other non-player approaching the field, **immediately** yell out "hiker" loudly and clearly, stop shooting, and put your gun(s) down.
2. If you hear someone else call "hiker", repeat the call, stop shooting, and put your gun down.
3. The game will be paused as the hikers are allowed to pass through.
4. Do not in any way try to hinder their passing. (Not even by asking them to go another way).
5. There is no shooting permitted while a hiker/non-player is on the field.
6. If animals or livestock enter the field treat it as a hiker and notify a referee immediately. Shooting at animals or livestock will result in immediate expulsion from the event.

### **Misc.:**

1. Failure to follow the rules listed above will result in penalties ranging from warnings to being called out of a game.
2. Respect the rules. The rules are there to prevent accidents and injuries and to keep the game fair and fun.
3. For indoor games, make a point of remembering the surrender and tag rules. The maximum velocity is also likely to be lowered. Make sure you check with the referees regarding rules.

I have read the previous paragraphs and I know, understand, and appreciate these and other risks that are inherent in the activities conducted on properties owned by Kualoa Ranch & Activity Club, Inc. and its affiliated companies and I hereby assert that my participation is voluntary and that I knowingly assume all such risks.

**Indemnification and Hold Harmless:** I also agree to indemnify and hold Kualoa Ranch & Activity Club, Inc. and its affiliated companies harmless from any and all claims, actions, suits, procedures, costs, expenses, damages and liabilities, including attorney's fees brought as a result of my involvement at Kualoa Ranch and to reimburse them for any such expenses incurred.

**Severability:** The undersigned further expressly agrees that the foregoing waiver and assumption of risks agreement is intended to be as broad and inclusive as is permitted by the law of the State of Hawaii and that if any portion thereof is held invalid, it is agreed that the balance shall, notwithstanding, continue in full legal force and effect.

**Acknowledgment of Understanding:** I have read this waiver of liability, assumption of risk, and indemnity agreement, fully understand its terms, and understand that I am giving up substantial rights, including my right to sue. I acknowledge that I am signing the agreement freely and voluntarily, and intend by my signature to be a complete and unconditional release of all liability to the greatest extent allowed by law.
